Fishmongers.

Author's Notes:
This is for Pop/Michelle. Long live spontaneity. Insert your usual disclaimer stuff here.

Dem boys thought Led Zep was so English, they'll think that bout anyone from 60s, 70s.
Thought that bout anyone from urban towns like Bristol, Bath, Liverpool, throw in bit of Brummy.

Anyway, Zep, they were uber manly: "Fags," shouted haters.

"Flower power," fans addressed Robert. And *dem boys* were into Bonzo's facial hair, Jimmy's skinny legs:
"Got a taut chest there, babe," said a groupie.
"Babe, that's *my* word, babe," frowned Robert.

Jimmy kissed her:
"How old are you, honey?"
"Eighteen," she lied, so he went for it. Was high on his old age scale.

Dem boys didn't mind.
